

# Quality Assessment

# Subjective vs. Objective

## Subjective

---

Changes

---

Based on  
personal opinion

---

## Objective

---

Does not change

---

Based on fact  
or an agreement

---

# Set the Standard

## Making a quality assessment guide

1. Create a list of 10 good translation qualities
2. Define each quality
3. Make questions to check each quality

# Example

## Message accuracy

1. Is the message the same?
2. Is there anything extra?
3. Is anything missing?
