

Spiritual Terms Evaluation: Training Guide

Training Goals:

1. The audience will understand that conducting a Spiritual Terms Evaluation is an important way to maintain consistency and clarity throughout the translation.
2. The audience will be able to guide their team to use the **Spiritual Terms Evaluation Tool** to check their translation (demonstrated by the Spiritual Terms Evaluation Exercise).

Estimated Time: 60-90 min.

Materials: ✓ *Spiritual Terms Evaluation - Slides (Optional)*

- ✓ *Spiritual Terms Evaluation Exercise (for training in English only), OR any 4 pages from the **Spiritual Terms Evaluation Tool** for the language group being trained (one copy per two people; **NOTE:** If your team is checking their translation during this workshop, their **STET** will need to be translated and prepared in advance.)*
- ✓ *Divine Familial Terms Exhaustive Verse List (one copy per small group, for teams with concerns about DFTs)*
- ✓ *Divine Familial Terms Affirmation (one copy, for teams with concerns about DFTs)*

Note to Trainers in Gateway Languages: The Spiritual Terms Evaluation Exercise CANNOT be translated directly. See the Exercise instructions for guidance on how to prepare the Exercise.

Note About Divine Familial Terms: If possible, meet with leaders before training this session and confirm that Divine Familial Terms (DFTs) have been translated accurately and literally in their translation. If you are not able to confirm this with leaders beforehand, or if there is any question about the accuracy of DFTs in their translation, review the issue of DFTs with the entire team during this session. Then, have them check these terms thoroughly before you go on to train the Spiritual Terms Evaluation. They can check DFTs by checking all references in the Spiritual Terms Exhaustive Verse Lists for father, Son of God, and Son (referring to Jesus)—included in this file.

Importance of Consistent Terms

Introduction: This resource will help translators evaluate the use of spiritual terms throughout their whole New Testament. Remember that the goal of the Eight Steps is to produce a meaning-based translation. **A meaning-based translation depends on accurate and consistent translation of spiritual terms throughout the project.** These terms are essential to accuracy, meaning, and doctrinal clarity.

In Step 7 of the translation process, translators chose which key words and terms to check for each chapter. This Spiritual Terms Evaluation provides an added layer for checking key terms. The words have been chosen in advance, and the evaluation will span many parts of the New Testament instead of only a chapter. This can confirm that the translation of spiritual terms has been consistent and clear.

Ask: What kinds of terms do you think would be helpful to check across the New Testament?

Explain: These terms are ones that have an abstract or spiritual meaning. They are based on Greek words that may have various meanings. They may even have a symbolic meaning that could be missed if not fully understood. Here are some examples:

1. In the New Testament, the word “tree” is used in several places to mean “cross” and to refer to the death of Jesus on the cross. (1 Peter 2:24)
2. In the New Testament, the word “adoption” is used to explain the way God brings believers into his family. (Ephesians 1:5)

Spiritual Terms Evaluation

• In Step 7, key words were chosen for each chapter.

• Now terms will be evaluated across the whole New Testament.

What kinds of terms?

Spiritual Terms Evaluation

3. In the New Testament, the word “flesh” is sometimes used to mean humanity. It is sometimes used to mean carcasses, even of animals. It is sometimes used to mean the tendency or desire in humans to do evil. These different meanings make it difficult (and sometimes incorrect) to use the same word or phrase to translate it every time. (Matthew 16:17, 1 Corinthians 15:39, Romans 8:13)

 **Ask: Why do you think this resource is designed to check these words across the whole New Testament?**

Explain: Since a team worked together to translate the whole New Testament, different people have worked on different parts. Up until this point, the team has done checks on verses, chapters, and books, but not an overall review that covers the way terms are used across many books. This evaluation will help the translation team to see if individual translators used different terms or even spelled the same terms differently, so they can address these differences and standardize the terms as needed.

Role of Divine Familial Terms

 **Ask: How do you think Divine Familial Terms relate to the Spiritual Terms Evaluation?**

Explain: Divine Familial (or family) terms are titles for God and Jesus that show their relationship as Father and Son. **Just like other spiritual terms,**

Divine Familial Terms are essential to accuracy, meaning, and doctrinal clarity. If Divine Familial Terms are not translated accurately, the meaning of the original text will not be preserved in the translation. The doctrines we find in Scripture (see the [*Statement of Faith*](#)) will also not be preserved.

It is easy to confuse the word “*familial*” with the word “*familiar*,” which is a different idea. **Make sure that everyone understands that “familial” refers to the family relationship between God and Jesus.** If there is any confusion, you may use the term “family” when teaching this session.

We believe that since the Bible is God’s Word, we should use the exact names He uses when talking about Himself. God defines Himself as Father and Jesus as His Son. And we do not have the right to change that.

 **Ask: What concerns or questions might your community have about Divine Familial Terms or how they should be translated?**

Ask the team if DFTs may be an issue in their region. If so, confirm that they have documented their completion of the Terms Tables. If they provide verification of their completed DFT check, OR if you confirm that they fully understand the importance of translating DFTs accurately and literally AND there is no concern that translators may have been tempted to compromise this during their project, you may skip the rest of this section. Otherwise, continue this DFT summary and have the team complete a DFT check before continuing the rest of the Spiritual Terms training.

Some people have translated these terms differently in order not to offend non-believers in their region. Instead of calling Jesus God’s Son, they may call Him God’s chosen one, or sent one, or beloved one. Instead of calling God Father, they may use Most High or Holy One.

 **Ask:**
○ **What might be lost if the terms *Son* and *Father* are changed in these ways?**

Possible answers include:

- *The nature of the relationship between God and Jesus*
- *The significance of God’s Son being sacrificed for us by His Father*
- *The eternal nature of Jesus*
- *The relationship of the Trinity*

Spiritual Terms Evaluation

- What difference would changing *Father* or *Son* make in the verses below?

1 John 4:14 – “The Father has sent the Son to be the Savior of the world.”

If “Son” is replaced with “beloved one” or some other term, it does not make it clear that the Savior is God, and it does not show how great God’s sacrifice was.

1 John 4:14

How God communicated this verse:

- 1 The Father has sent the **Son** to be the Savior of the world.
- 2 The same verse without Father and Son:
The **Master** has sent the **Beloved One** to be the Savior of the world.

What is now unclear?
Savior = God God's great sacrifice

John 5:17–18 (Jesus is speaking) – “My Father is working even now and I, too, am working.’ Because of this, the Jews sought even more to kill him because he not only broke the Sabbath, but also called God his own Father, making himself equal with God.”

John 5:17–18

How God communicated these verses (Jesus is speaking):

- 1 “My Father is working even now and I, too, am working.” Because of this, the Jews sought even more to kill him, or because he not only broke the Sabbath, but also called God his own **Father**, making himself equal with God.
- 2 The same verses without Father:
“My **Master** is working even now and I, too, am working.” Because of this, the Jews sought even more to kill him, or because he not only broke the Sabbath, but also called God his own **Master**, making himself equal with God.

What is now unclear?
“Equal with God”

If the term “Father” is replaced with “My Lord” or “My Master,” then the idea that Jesus made Himself equal with God makes no sense. The rest of this verse is very confusing if He does not in fact call God “My Father.”

Other verses to discuss, if needed: **John 10:30–31, 33, 36, Hebrews 1:8, John 3:16.**

Wycliffe Associates (WA) commits to support only Bible translations that use accurate and literal common language terms for “Father” and “Son” when referring to God and Jesus Christ. Before we go on with checking other spiritual terms, let’s confirm the accurate translation of these Divine Familial Terms in your translation.

For each verse on the list, look up the verse in your source text and in your translation. Find the term “Father” or “Son” in the source text, and then in the translation. If the translation does not use a common, literal word for “Father” or “Son,” make a note on your verse list that edits are needed. You may even suggest an edit. When you have finished checking the verses for the words in your section, share any needed corrections with your typist.

Hand out the *Divine Familial Terms Exhaustive Verse List*. The team should work in pairs or groups. Assign a separate word or set of verses to each group. When checking is complete, and all corrections are uploaded, have the checkers sign the *Divine Familial Terms Affirmation*. You may allow a short break before continuing with the rest of the session.

Using the *Spiritual Terms Evaluation Tool*

- To use the *Spiritual Terms Evaluation Tool* (*STET*), you will need a team of people working together. It is recommended for the translation team to work together on this (they can break out into groups of 2 to 4 and split up the work).
- The resource will be available through your Wycliffe Associates (WA) contact person and on DOC. Check with your project leader to confirm that all corrections from previous checks have been uploaded before accessing the *STET*.
- For each term listed, one or more definitions will be given. Then several verses (up to 15) will be shown, with the gateway language for that verse in one column and the heart language for that verse in the other column.

NOTE: If the team is on track for publication through WA, share that STET is an essential check for them.

STET - Spiritual Terms Evaluation Tool			
Term	Definition	Gateway Language	Heart Language

Son	Jesus Christ, the one who came to earth to save us.	Son	Son

God	God, the one who created us and who loves us.	God	God

If training leaders, make sure they know how to access DOC at <https://doc.bibleineverylanguage.org/stet>. Show online if needed. Ideally, the Spiritual Terms Input File was translated into their GL before the Refinement training, but if not, that process will have to be completed before they can access the *STET*.

Spiritual Terms Evaluation

- The team will read each verse in the list and evaluate the spiritual term as it is used in the verse. If the term has multiple meanings, the team should determine the intended meaning in each verse and confirm that the correct translation has been used. All verses with the same meaning of the term should have a similar/same translation of the term.
- If they find anything that causes concern, the team should work together on any necessary changes.
 - They should refer first to the definitions of the word and consider what will be most easily understood. If they have internet access, they can look at definitions for the Strong's numbers for the word.
 - They may use other resources such as Translation Notes or Greek Words for Translators.
 - They may consult spiritual leaders in their community.

The team should work through each term on the list. The resource's selection of verses for each word is a sample. It is not complete or exhaustive. **If the team finds any errors in how a term is used or spelled, they should access an exhaustive list of verse references to check every verse** where that term appears in the New Testament. (This list is available through the WA contact person.)

Exercise: Spiritual Terms Evaluation

Have the group split into pairs. Hand out one *Spiritual Terms Evaluation Exercise* for each pair. Groups may use the translation provided in the “Target Reference” column (Contemporary English Version, if training in English), or any other translation they prefer. **It is very helpful to demonstrate several verses with the whole group before having them work independently.**

Instructions to trainees: Using the sample portion of the resource, check the verses in a common translation in your language, or in the translation provided. Make notes in the “Status” column.

Note to Trainers in Gateway Languages: For the Exercise, contact your leader to find out if the **Spiritual Terms Evaluation Tool** is available in your language. If it is, print out the first four pages to use for the Exercise. Do not translate the English Exercise directly.

Try it

Discuss:

- Did the “translation” maintain consistency across verses?
- Did the chosen word/phrase represent the correct meaning of the word in that verse?
- If you were the translator, what changes would you make?

Confirm:

- The audience understands that conducting a Spiritual Terms Evaluation is an important way to maintain consistency and clarity throughout the translation.
- The audience is able to guide their team to use the **Spiritual Terms Evaluation Tool** to check their translation.

Spiritual Terms Evaluation Exercise

Instructions: Compare the translated text in the right column to the Gateway Language text in the left column. Write notes on how the key word has been translated. Is it translated correctly for each verse? Are translations with the same meaning spelled consistently? To help you find the word in the translated text, the Gateway Language text on the left has its translation for this word in **bold**.

Note: For this exercise, the Gateway Language used in the left column is the English ULB. The “translated text”, right column, is from the Contemporary English Version of the Bible. Some variations have been inserted.

Instructions: Look up each verse in your source text and in your translation. Find the Divine Familial Term used in the source text, and the word used in the translation. If the translation does not use a literal, common term for “father” or “son,” or if these terms are translated inconsistently, make a note.
