

Meaning-Based Translation

Literal vs. Meaning-Based Translation

Literal

- Focus on restating each **word** in the source text, one by one

Meaning-Based

- Focus on translating the **message** of the source text so that its **meaning** is understood

Oral Interpretation

accurate

clear

natural

Example from Spanish to English

**Mucho gusto.
Me llamo Juan.**

Literal Translation

Much I like.
Myself I call John.

Meaning-Based Translation

Nice to meet you.
My name is John.
